LOCAL BREFITIES.

[From Morning Edition.] President Long, of Antioch college was in

the city yesterday evening.

Hop. John Little was a conspicuous figur among the Plug Hats yesterday.

New Carlisle has as many enthusiastic republicans to the square inch as any town of its size in the state. George Cogswell, the veteran Little Miam;

conductor, has a good bouquet story. Have him tell you about it.

Hon. Allen O. Myers, of Columbus, was in the city yesterday evening for a short time, while on his way up from Cincinnati. A man by the name of Cassiday, of Colum-

bus, has notified the police that his wife has deserted him, and he suspects she is in this

Sneak thieves, during the fire at Lagonda, last night, tapped the till of A. H. Tavener's meat store, securing \$10. Other burglaries were attempted.

The fellow who removed spots from clothing without charge was doing a driving business at his stand on the corner of Main and Market yesterday.

Those persons who think that Indian summer is a season with which we are no more blessed are certainly having there opinion sadly fractured this fine weather.

There was a busy time among the business men of Springfield yesterday, although a large part of the population were off enthusing the republicans of Cincinnati and along the line. It Valentine Snyder, who is now in jail,

charged with horse stealing, is convicted, Officers Norton and Mast will get \$100 reward from the Clark County Live Stock Prctective Association. All the night police and the day force were

at the depot vesterday morning and did good service in keeping the bums off the trains and in purchasing tickets for ladies who could not get near the ticket office. The borning of two stanles at Lagonda last

night caused great excitement in the city as it was supposed that the Warder, Bushneli & Glessner shops were burning. One stable belonged to Jones Wyant occupied by N. G. Kershner, and the other to Frank Reid.

Alleged Defatcation.

Up to yesterday morning no information as to the whereabout of John K. Hutchison, extreasurer of Xenia township, Greene county, who is alleged to be a defaulter, had been received. The amount of his deficit is supposed to be \$4,984.71. His father and a co-bondsman are amply good for the amount, but the latter is now seeking a release from liability by claiming that his signature to the official bond was obtained by false pretenses.

Washington C. H. Sufferers' Benefit.

The drams, "49ers or the Pioneer's Daughter," to be presented at Black's Opera House next Wednesday evening for the benefit of the Washington C. H. sufferers, is the neatest and cleanest written drama ever produced on any stage. It is to be hoped that the project will meet with great success, as there certainly could be no better cause. Many of our most prominent and influential citizens have signified their intention of purchasing from five to ten dollars' worth of tickets, and it would be well if others would do likewise.

This is no money-making scheme on the part of the members of the troupe, but is simply done for a good cause, from charitable motives. Tickets may be had from any member of the troupe. New scenery has been painted expressly for this night, by Mr. Ross Sparks, and those who have seen it pronounce it as something grand. The scenery can be seen at Black's Opera House this evening, at seven and a half o'clock. Tickets 25 and 50 cents. No extra charge for reserved seats.

Jonathan Donnell Drops Dead. Jonathan Donnell, one of the oldest residents of Clark county, dropped dead in front of the postoffice yesterday morning at about half-past ten o'clock. He had left the house a few hours before, in his usual health. The cause of his death was heart disease. Not more than five minutes before his death he was standing at the depot talking to his pephew Thomas Boyd, chief of police. He said he was not feeling well and that he was going home. He started off, walked down Marke street to High, and east on High to where he

Deceased was born about six miles east of this city, near Harmony, August 31, 1827, and was therefore in his fifty-ninth year. He was raised on the farm, and up to two years ago, followed that vocation. At this tim began to have beart trouble, and he finally decided to move into town. During the pass summer his health has been failing, and he spent several months at Magnetic Springs.
Mr. Donnell leaves a wife and six children,
three sons and three daughters, to mourn his loss. One of his sons, Will Donnell, is now in Aurora, Nebraska. The sad news has been telegraphed him, but he cannot get here in time for the taueral. A telegram was sent to his two daughters in Cincinnati, and they are expected home this atternoon. The vet been determined.

A Lave Devit.

In his sermon Sunday morning, Rev Morehead, at the Taird U. P. church, Xenia, said that he was old fashioned enough to be lieve in a personal devil, that if our eyesight was keen enough we could see him walking our streets, directing in an actual personality the deeds of evil that are continually being committed. He further stated his belief that he was powerful and had control of the elements and it was not unlikely that this evil personality, who was also the "spirit of the powe of the air," was the direct engineer and cause of the cyclones, floods, &c., that have recently visited this country. Mr. Moorehead claims these beliefs to be founded on the true doctrines of the bible.

Scholars, and Jantters in Politics. The board of education met in regular session last night with President Burns in the chair.

There were present Messrs, Bell, Brigham

The minutes of the last meeting were read

and approved. A protest signed by a large number of the citizens of the Fifth ward against mixed schools, was read by Superintendent White. A motion by Mr. Kelly to refer same to the teachers' committe was lost, and an amendment that it be placed on file was carried The communication is as follows:

To the Honorable Board of Education At a meeting held in the Fifth ward Fri-day evening, Sept. 25, by fully two bundred citizens of the ward, irrespective of party, we were appointed and instructed to respectfully ask your honorable body to reconsider your action at the last meeting of the board, whereby the colored children of the city were given permission to attend the white achools of our city, and while it was the feeling of our city and while it was the feeling of

our citizens generally, that they were op-posed to mixing of the schools, it was gener-ally conceded by all that better facilities should be provided for the colored children, and to this end would respectfully ask that your honorable body select a suitable build-ing site at some point in the southwestern part of the city, and erect at once a school building for the colored children.

This we think would give them all the facilities needed at this time, and be satisactory to all concerned.

After sailing smoothly thus far, the war again began when the following resolution

was presented by Mr. Warren: Resolved, That we commend the faithfulness of Mr. Fred Schivers, janitor of the Di-bert street building, in that he did not heed demands recently made upon him, but re fused to open the house for any purpose not authorized by vote of the board. A motion by Mr. Lorenz to lay the reso-lution on the table was lost by a vote of 10

Quite a discussion followed as to the nec essity of passing the resolution, Mr. Martin-dell claiming that if the janitor did his duty, he did no more than he ought to do. After all sides of the question had been presented, a vote was taken, and the resolution passed by a vote of 10 to 6, Messrs. Dillon, Doyle, Eisenmenger, Lorenz, Martindell and Miller

Mr. Warren presented another resolution

as follows: Resolved, That while recognizing th fact that there is an honest difference of opinion on the part of members of this board and the public generally with regard to the best method of providing proper school facilities for all who are entitled to them under the existing circumstances we see no course open to us except to reaffirm the action taken at the last meeting of the borrd, whereby the overcrowded condition of the Pleasant street echool house is relieved, by sending some of the pupils to the buildings nearest to them, where the rooms are not already filled, and by authorizing the superintendent to admit such as the grades will well accommodate.

By this course facilities are at once provided for all without a dollar of additional expense to the city. Nor, by this action, is in-justice done to anyone. For those who live in districts immediately affected by it are only called upon to be content with the same arrangements which have been pre-viously made for those living in other por-tions of the city, arrangements, which have

ions of the city, arrangements which have added to, rather than detracted from, the ef fectiveness of the schools; and which have been cheerfully acquiesced in by those who were most immediately concerned. Citizens living in any one portion of the city have no right to demand that which cannot be granted to citizens living in other portions of the city.

Moreover, with the levy allowed the board by the tex commission for school purposes, it is impossible for us to furnish any additional chool facilities for any class of pupils during the present year. With the most rigid economy we cannot possibly do more than meet our present obligations as they shall mature. True, we can buy lots and put up buildings and issue bonds to pay for same. But we could not open schools in such buildings when they might be completed, for we have not a dollar at our displacement. posal with which to pay teachers and other

urrent expenses. We cannot, therefore, whatever may be cur personal preferences with regard to mixed schools, be faithful to the oaths we took when we accepted the trust which has been committed to us, it we fail to make the most of the present means at our command for furnishing the best facilities possible for all children of school age whatever may be their

race or nationality. Mr. Lorenz arose and said that under rule 70 of the board, when notice was given by a member, that a resolution must be laid over for two weeks. He therefore gave notice, and in consequence nothing was done with th

tics among our teachers and scholars: Therefore, be it resolved: That the teachers and janitors in our employ be earnestly requested to abstain hereafter from offensive or partisan politics and act more in a conservative spirit, which is in accord with our

ablic school system.

A motion to smead by Mr. Martindell to include all employes was made, but this was thought by Mr. Lorenz to be too general, and it was withdrawn.

and it was withdrawn.

On a motion by Mr. Eisenmenger the question of music books was taken from the table.

A proposition was read by Mr. March from
John Church & Co., of Cincinnati, agreeing republicans were temperance men, and yet they say they are a whisky party.

The democrats think they have votes enough without campaigning. We will see motion this proposition was accepted. Adjourned.

Poor Fellows!

Prostrated, debilitated, enfeebled, they feel as if they were hardly worth picking up. They would hardly give the toss of a bright penny for a chance of a choice between life and death. But even such forlorn people can be renewed by the use of Brown's Iron Bitters. It vitalizes the blood, tones the nerves, and renovates the system. Mr. Isaac C. Weed, Burr's Mills, O., says, "I used Brown's Iron Bitters for general weakness, and it helped me greatly."

Last Friday Geo. W. Collett, deputy county treasurer, took a new suit of clothes home with him, and laid them down while he went to supper. When he returned to the room where he left the suit it was gone, and with it a fine gold watch. The theft was reported to the police who are investigating it.

LOCAL NOTICES.

"Out of the fullness of the heart the mouth speaketh." Rev. Charles H. Harding, of Ilion, N. Y., writes: "My heart is filled with grati-tude to you for the relief I have received from a long standing affection of the kidneys by the use of your invaluable compound— Mishler's Herb Bitters. I had been treated by a number of physicians of this place, all to no effect. A member of my congregation urged me to try your excellent preparation. I did so, with some misgiving, I confess, but am happy to say all my doubts have been set at rest. I was quickly relieved, and have had no return of the trouble since."
